For: **METHOD FOR PREVENTING FORMATION OF PHOTORESIST SCUM**

STATEMENT OF SUBSTANCE OF INTERVIEW

Mail Stop Amendment
Assistant Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sirs:

On or about October 3, 2005, the undersigned called the examiner to discuss the final rejection issued by the examiner. The undersigned agreed to supply additional documentation to the examiner demonstrating that the country of Taiwan is a WTO member, which submission the examiner indicated would lead him to vacate the rejection. The undersigned supplied this information via facsimile on or about October 4, along with a communication that summarized the substance of the interview. This redundant submission is being made out of an abundance of caution, in view of the invitation set forth in the Form PTOL-413, which accompanied the Notice of Allowance.

No fee is believed to be due in connection with this submission. If, however, any fee is believed to be due, you are hereby authorized to charge any such fee to deposit account No. 20-0778.

Respectfully submitted, this 28th day of December, 2005,

By: 
Daniel R. McClure
